

Attention IntelliCare Clients:

Medco Health Solutions has announced that it is closing its Intellicare Nurse Triage division effective February 28, 2009. RNs On-Call is waiving all setup fees for current IntelliCare clients.

RNs On-Call will waive setup fees for any current IntelliCare clients who contract for nurse triage services through April 1, 2009. To assist with this transition, we would require a copy of your most recent invoice and 12 months of utilization data. RNs On-Call triage nurses are experienced professionals who use the same Schmitt/Thompson protocols as IntelliCare to help patients make informed decisions. RNs On-Call will assist your company in transferring your current toll-free number to our call center (if possible) or we will issue you a new toll-free number.
